

## **FAFSA Merit Badge**

You look up the FAFSA site on the internet and fill out the application for aid. This must be done to get into the "queue" for college funding. It takes a couple of hours to fill out the form and you'll be better off if you attend the after-school workshops that will be announced at school.

Show your completed application, with the date of acceptance, to your English teacher and you will obtain this merit badge showing that you are an independent learner.
